DETAILED ACTION

Reasons for Allowance

- The amendments filed March 21, 2005 have been entered and considered. As amended, claims 1-18 and 24-26 are pending in the application. Applicants' arguments presented in the appeal brief filed March 21, 2005 have been fully considered, and are persuasive. Particularly, the cited references as a whole do not provide sufficient teaching or suggestion to reach the particular amounts of petrolatum required in claimed invention.
- 2. Claims 1-18 directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 24-26, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 24-26 hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on July 29, 2003 is hereby withdrawn.
